NOTES:

GENERAL NOTES:

1. These plans are drawn as required for construction by an experienced licensed general contractor.
2. The General contractor shall fully comply with the current edition of the Massachusetts State Building Code and all additional local requirements.
3. Written dimensions shall have precedence over scaled dimensions. The general contractor shall verify and is responsible for all dimensions (including rough openings) and conditions on the job and must notify this office of any variations from these drawings. Any defects in the construction documents shall be brought to the attention of this office before proceeding with work. Reasonable time not allowed this office to correct defects shall place the burden of such malfunctions from such defects upon the contractor.
